

# **Green Sod Ireland** - *An Fóidín Glas*

*Establishing WildAcres across Ireland creating safe habitats, vital for biodiversity.  
Delivering ecological education to encourage the proactive preservation of Nature.*

**'Save A Sod Campaign'**

**Please donate to our 'Save a Sod' of Irish land campaign.  
By joining us in protecting land we can build on our collective concerns  
for the ecological systems that support the total Earth community.**

*The value of land goes far beyond the monetary.*

*Yet we must rely on the support of those who believe its worth is intrinsic,  
and that the diverse indigenous species that depend on it deserve our  
protection and respect.*

*Our 'Save a Sod' campaign embodies our core belief:  
plants, animals, land, watersheds and humans are all interconnected  
- the survival of one depends on the other.*

*Help us protect Ireland's biodiversity before it disappears forever  
and be a part of a future where ecosystems are thriving  
and in abundance  
for the well-being of present and future generations.*

**Please Donate**

**Thank you for your support**
